

## My Pisgah Experience gets me into the game!

At a Pisgah Sports game you'll notice the usual sights and sounds of a children's sporting event: parents cheering from the sidelines and athletes running, jumping, laughing, and smiling. But you'll also notice a little something special: extra encouragement, hugs, and high fives, as well as coaches and players praying and sharing devotions.

Pisgah Sports is a community recreation league with a difference. In addition to developing athletic skills and learning the importance of teamwork, cooperation, humility, hardwork, and sportsmanship, Pisgah Sports teaches young athletes about God's love.

Every player has opportunities to shine. Unlike many other sports leagues where teams are so large that some players rarely touch the ball, all Pisgah Sports players get in the game and have a ball.

"In the 5 years we have been involved at Pisgah Sports, we have found the perfect place," says mom **Marcia Grimsley**. "The teams are smaller than most, so EVERY child gets a lot of "ball time" – not just those athletic few. Both our children now play soccer, and the family-friendly environment has allowed us to all be involved, not just a "drop-off, pick-up" activity. I love the fact that ALL are welcome to play, not just church members, or even Christians – yet the spirit of Christian fellowship and values permeates the program. Our children learn kindness, fairness, and love for others. They pray with their coaches at each practice and game – thanking God not only for their friends and the fun times they have, but also the country their team represents!

Pisgah Sports serves athletes from dozens of schools in Alpharetta, Johns Creek, Roswell, Dunwoody, Milton, Norcross, Suwanee, Cumming, Duluth, Atlanta, and Sandy Springs. Soccer, basketball, cheerleading, baseball, golf, dance, and t-ball are offered as well as popular summer camps. Depending upon the sport, teams are comprised of boys and girls from ages three and up.

"We chose Pisgah Sports for many reasons," says dad **John Jamack**. "Having been involved with the program for several years, we have come to value the attention to detail, organization, focus and for lack of a better term, love, exhibited by the staff and families. There are a thousand other programs perhaps but this is ours!"

A major highlight of each soccer season is the Parade of Nations where players proudly represent their team country and the field is filled with colorful jerseys and flags- and families gather for food and fellowship. Pisgah Sports...Join the Fun! "My 4 year old loves it!! He looks forward to seeing his friends and is actually starting to learn the basic fundamentals of not just soccer- but how to work together as a team to have fun," says mom **Sarah Bobilin**. "Pisgah Sports allows him to play with absolutely no pressure from his coaches or any of the families that are part of the team. It's just good plain fun. I don't know where else we could get all that!"
